HUMOR WITH HEART™

CERTIFIED SPEAKING PROFESSIONAL • AUTHOR • KEYNOTE SPEAKER

Does your day begin with great promise — until you actually begin it — then it's all downhill from there? Are you so busy meeting others' needs that you're feeling pulled in a dozen directions at once? Is someone you love getting on your last nerve? Are you having trouble remembering the last time you had an opportunity to laugh, relax and catch your breath?

If you answered "Yes" to any of these questions, you're definitely ready for some Humor with Heart! And that's exactly what **inspirational humorist Jean Gatz** can bring to your next women's conference, retreat, breakfast, luncheon or dinner! Jean understands that once people start laughing, they're more open to learning. So she blends her Christian faith with original stories that create honest-to-goodness laughter to help women renew themselves in mind, body and spirit.

Why is Jean the perfect choice for your next event? As you know, women want a speaker who can relate to them and their challenges — a speaker who cares. As a daughter, sister, wife, mother, grandmother and woman of faith, Jean connects with women of every age and at every stage of life. Weaving God's word together with humor and personal life experiences, she affirms women for who they are and what they do, offers new perspectives and insights, lifts spirits, and lightens hearts.

Women are talking about Jean Gatz!

"From the moment you took center stage until the end of the day when we were convulsed with laughter, you made us all feel like we could touch the sky."

CAROLYN GARDNER

"You can always gauge the 'enjoyability' of a speaker by the number of times you check your watch. When Jean Gatz is speaking, you don't even realize you're wearing a watch!"

CONFERENCE PARTICIPANT

"The standing ovation from 2,500 women shows they were thrilled with you. And the word most often used to describe you was 'Awesome!'"

Mama Said There'd be Days Like This!

Is your life filled with days your Mama warned you about? Although we can't be in charge of everything that happens to us, we can make choices every day that dramatically impact our lives and our relationship with our Lord. Jean blends Scripture with her own stories to help you to handle life's challenges with faith, wisdom, courage and a sense of humor. This program is based on Jean's book by the same title.

I Already Took a Pain Pill, So Why Are You Still Here?

We know that God loves every person He created. But have you ever wondered, "Who *are* some of these people? And why did He put so many of them in my life?" Without a doubt, God does have a sense of humor! Jean blends her gentle humor with insights to help you see Christ — even in those people who are getting on your last nerve. Learn how to deal with difficult people — without becoming one.

Clean Out the "Junk Drawer" of Your Life

All of us have a junk drawer somewhere, crowded with "stuff" that's taking up valuable space, and no longer serving us well. But it's so hard to let it go! We often have a hard time letting go of those attitudes, beliefs and behaviors that prevent us from becoming the women God desires us to be. In this program you will clean out your spiritual "junk drawer" and focus on God's blessings and how to best utilize them to honor Him.

How to Lead Effectively When Your Magic Wand is Broken

As a leader in women's ministry, have you ever wished you could wave your magic wand over your greatest challenges and make them disappear? Ah, if leadership — and life — were only that simple! Jean shares Jesus' teachings as the *ultimate* leader to help you and your leaders strengthen your skills to be positive role models, consummate teachers, effective communicators and relationship builders. She provides the insights and encouragement you need to persevere in the challenging yet rewarding role of Christian leadership.

Have Yourself a Stress-Free Little Christmas

You'll laugh until your sides hurt as Jean shares her hilarious holiday stories and the lessons we all can use to stress-proof our hurried, harried and hectic lives, no matter what time of year.
